Environment (DSE)**

Council's Climate Adaptation Actions

City Climate

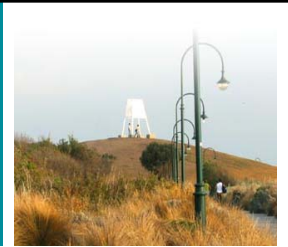

**State Planning (DPCD);
VCAT; Building Commission;
developers; renovators**

Council's Climate Adaptation Actions

Access and Safety

State Emergency Services,
State - Human Services;
local communities

What do you think?

- 1. What possible innovations and solutions exist to address this issue?**
 - a) individual/ community actions**
 - b) actions for council and others**
- 2. Does the plan allow for these innovations and solutions?**
- 3. What is missing?**

Promising Water and Adaptation Solutions

What are you going to do now?

- 1. What more could Council be doing?**
- 2. What more could community groups be doing?**
- 3. What more could we as individuals be doing?**
- 4. What simple actions can you do?**
