

Marina Reserve Masterplan Operations Plan

What are your ideas for the future management of Marina Reserve?

Following CMA (Coastal Management Act 1995) approval for the Marina Reserve Masterplan, Council is developing an operations plan and is seeking community input. The operations plan will cover all day to day use, management and maintenance of the car park, gates, toilet, skateable infrastructure, bbqs and/or any other areas within the reserve. Below topics relating to the operations of the reserve were raised during public consultation on the draft masterplan and a community meeting held on the 4 August 2011. These and several other topics have been included in this preliminary list:

Management topics	What they would cover
Car park	Hours of opening and closing Enforcement of parking restrictions Prevention of hoon behaviour
