### How we are performing

### **Recent highlights**

- The new South Melbourne Life Saving Club building and public amenities was completed with funding support from the Victorian Government through Life Saving Victoria.
- The completion of the JL Murphy Pavilion upgrade representing the culmination of a multiyear project for Council, stakeholders and the community. The upgraded pavilion will enable increased sports participation at the reserve, especially for juniors and female players, and allows multiple ovals to be used simultaneously for competition.
- Finalist 2019 VicHealth Awards: For Council's 3-on-3 St Kilda Beach Basketball Tournament program for the 'Promoting health through physical activity and sport' category.

### **Recent challenges**

- The COVID-19 pandemic called for us to be agile and flexible and to support the community where most needed. During the pandemic, Council adapted to innovate new ways of keeping safe and connected while maintaining our high standard of service delivery. In response to the COVID-19 pandemic:
  - Sport Phillip in-person program was postponed, with some programs moved online on 18 March.
  - Skate parks and fitness stations reopened on 26 May.

• Unfortunately, due to the impact of the COVID-19 pandemic, the 2019/20 result for participation per capital in sport and recreation was well down on the previous year.
