

Project Opportunities

Improve outdoor spaces around buildings

- Ensure accessible and welcoming entrances to all buildings
- Create courtyard spaces with shade and seating for building users
- Ensure sightlines to buildings
- Maintain accessible pathway network throughout the park with a mix of concrete and granitic surfaces

Revitalise the Art in the Park

- Review condition of existing public art
- Plan for future pieces
- Allow for temporary art exhibitions
- Allow for outdoor performances
- Allow for interactive art that encourages play

A sustainable and safe park for the future

- Follow guidance from EPA and State Government to manage soil and ground water with minimal disruption to park use and existing trees.
- Use sustainable principles to guide park development such as WSUD and recycled or sustainable materials

Bring play to the park

- Provide a neighbourhood/district sized playspace at the park that celebrates the parks history and aesthetic
- Focus on nature play and art play

Maintain green open space for the community

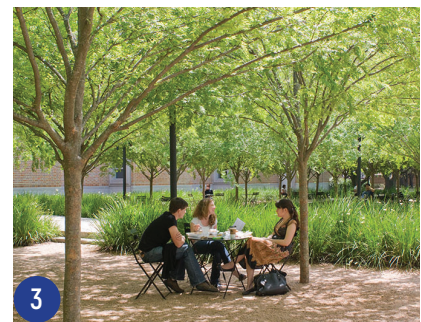

- Retain the central grassed area as a dog off-leash zone
- Provide a centrally controlled irrigation system for the grassed area and some garden beds

Celebrate and protect the indigenous landscape

- Revitalise the existing bushland planting, allowing for sightlines and considering CPTED
- Retain all mature trees, where safe to do so
- Reintroduce plant information signs and bush trail including play and water elements
- Formalise planting in some areas while keeping the native planting palette
- Plan for future tree succession planting

Legend

- Existing Tree
- Succession Tree Planting
- Nature play nodes including indigenous plant information, interactive art and play opportunities
- Lawn
- Indigenous garden bed

1 Playspace with mix of traditional, nature and creative play opportunities unique to Gasworks Art Park

2 Revitalise Plaza space allowing vehicle access and markets and introducing avenue planting and seating

3 Improve access around buildings and allow for amenities such as seating, shade, barbecues and landscaping

4 Retain open space for community use and off leash dog access. Upgrade irrigation system

5 Nature play nodes throughout park including indigenous plant information and interactive art play opportunities

6 Art feature, possibly an aerial bird bath
